				<b>100.00</b>

#### *Operating Instructions*

Mix the ingredients in the given order and stir until homogenous.

Directions for use:

Put a few drops in the palm of your hand and then gently rub both palms together for a few seconds before massaging the oil into the beard bristles, massage into the beard for at least 30 seconds.

Then, let the oil 'work' for at least another 30 seconds before applying your shaving lather.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
