C	<b>PhytoDefense CLR™</b>	Glycine Soja (Soybean) Oil Dicaprylyl Ether Magnolia Grandiflora Bark Extract Lauryl Alcohol	CLR	3.00
C	<b>Vitamin F forte</b>	Linoleic Acid Linolenic Acid	CLR	1.00
D	Euxyl PE9010	Phenoxyethanol Ethylhexylglycerin	Schuelke	0.50
				<b>100.00</b>

### Operating instructions

#### Operating Instructions

Disperse phase A and B well and stir until uniform. Heat up A and B to 75°C separately. Add C to B, and BC to A very slowly while homogenizing. Cool down to 35°C and add C. Stir until homogenous.

Directions for use:

Combine the ingredients in a bowl and stir. Then, apply a tablespoon onto damp skin, massaging for 5-10 minutes it into your body. Rinse off with warm water.

¼ cup of ground salt (sea salt) or sugar.

1 dose 20ml DIY Gel to Milk for Body Scrub.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
