

AcBiotic Ferment-Based Anti-Acne Gel Moisture

Naturally-derived *C. Acnes* Microbicide + Sebum Reducer

- Proven 3-way acne fighting *in vitro* efficacy with DermaTive AcBiotic
- Antibacterial - significantly inhibits *C. Acnes* adhesion + migration
- Anti-inflammatory - reduces redness, irritation, tingling
- Sebum Control - Reduces fatty acid content in sebaceous gland cells
- Restores skin's repair function
- Soothes and hydrates without clogging

Why It Works:

- DermaTive AcBiotic - Ferment-based microbicide for Acne
- DermaTive Snow Mushroom - microbiome re-wilder, epigenetic
- DermaTive HA - ferment-derived hydration
- Squalane - moisture
- DermaCare NP - Award-winning, Naturally derived preservative system
