

# Rose Peptide Luminizing Mist

Cellular-level brightening + glowy hydration

- Proven *in vitro* efficacy with DermaTive Rose Ferment
- Brightens by inhibiting tyrosinase and melanin overactivity
- Reduces hyper-pigmentation, uneven tone, age spots
- Superior skin permeation reaches deeper layers of skin
- Antioxidant, Anti-aging
- Soothes, hydrates for a luminous complexion

## Why It Works:

- DermaTive Rose Ferment - clinical-grade brightening
- DermaTive Niacinamide - anti-aging
- DermaTive HA - ferment-derived hydration
- Caffeine - brightening
- Panthenol - soothing, moisturizing
